

BS-301 COMPACT SATELLITE SPEAKER SYSTEM

***Ready-To-Install BGM Speakers Featuring
Compact Cubic Design with Versatile Sound***

BS-301 Compact Satellite Speaker System

BS-301 Compact Satellite Speaker System can produce effective acoustic sounds in commercial spaces like restaurants, cafes, and retail stores.

There are 4 small satellite speakers that conform to the design of the commercial space, and can be installed using metal fittings attachments to produce suitable acoustic sounds even in complex spaces.

In addition, the subwoofer, which can be temporarily or permanently installed, and capable of reinforcing the projection of ideal acoustic sounds.

Features

- Consists of a set of 4 satellite speakers and a subwoofer, which are individually fitted with its own mounting brackets.
- Available in two colors (black or white), which can be selected to suit the room interior.
- Compact and highly efficient in performance.
- The mounting brackets fitted onto the satellite speakers can be for 1 speaker or 2 speakers installation.
- Horizontal and vertical angles can be easily adjusted during installations onto ceilings or walls.
